The walkable inground fitting with a square stainless steel shade and partially frosted glass cover is equipped with a tiltable G12 socket and a ballast, thus making it compatible with discharge lamps. With its IP67 protection class, the luminaire is suitable for outdoor use. The electrical connection is made directly to the 230V mains supply. For simplified mounting, a suitable mounting pot is included offering through-wiring possibility. This luminaire is suitable for lamps of energy classes: A - A+
