The walkable 240V inground fitting with square stainless steel shade and partially frosted glass cover is equipped with a rotatable and tiltable GU10 socket and is thus compatible with halogen and LED lamps. The special construction allows flush-mounting. With its IP67 protection class, the luminaire is suitable for outdoor use. The electrical connection is made directly to the 230V mains supply. For simplified mounting, a suitable mounting pot is included. This luminaire is compatible with bulbs of the energy classes E - A++
