The floor stand of the BIG NAILS PLUS 50 series impresses with its light surface, made from frosted, acrylic glass rings embedded into the stainless-steel housing of the luminaire. It is suitable for use outdoors thanks to its IP44 protection class. As an option an earth spike as well as a connection box for safe electrical connection to the round luminaire upright, are available. The electrical connection of the luminaire, which comes in two sizes, is directly to the 230V mains supply. The BIG NAILS PLUS 50 also contains wall lights and can therefore be used universally. This luminaire is compatible with bulbs of the energy classes: A - A+
